We are looking for a member to take over the duties of Joint Secretary. The job involves some typing, recording minutes of Committee meetings and maintaining Group correspondence files.

It is the easiest way of getting to know what is going on!

At the beginning of October we shall be looking for a second Joint Secretary to take over the organising of the programme.

This is an interesting job made all the easier by the fact that the programme is tentatively covered by speakers well into 1979.

Bulletin No 4 is now available for all members who have paid their dues for 1978. It may be collected at any Monday meeting.

Bulletin No 5 is being typed and should be available shortly. We hope to recover from our delays and publish No 6 before the end of 1978. Rob Western has taken over as Editor and would welcome contributions, no matter how long or short. We are always searching for a few lines as page fillers so every little helps.

We welcome all new members and hope you will take an active part in the Group. If you require help or advice any of the Committee or Recorders will be willing to assist.

Bish Brown
Secretary
