Al Bujair Trip

16 people went to Al Bujair and visited the various plantations in the area. We were very warmly welcomed by Dr.Khan and his staff, and entertained to lunch at the Guest House, not to mention the hospitality at each plantation we visited. All agreed it was a very interesting trip and certainly recommended to those who have not yet been.

Sadiat

Plans are going ahead for a trip to Sadiat, following a talk on the Arid Lands Research.

This will probably be in September - and there will be more news about it later.

Committee

Two of our Committee members will, unfortunately, be leaving us in the Summer - so if anyone would like to join us on the Committee - we shall be pleased to hear from you.
