GENERAL

1. Recorders are making individual trips on their subjects. You should approach them if you wish to join and/or help organise a small group trip.
2. Remember that the Work Room in the Federal Building (Adma-Opco) is open every 4th Monday for several hours in the evening 7 - 9 p.m. Display cases are being organised and assistance or simply interest is appreciated.
3. When you make your own private trips please do record items of interest and present them at the meeting or contact the Recorder at home. Several individuals have brought back interesting information and samples recently. (eg. Water Scorpions).
